Why TVBA?

The most important reason to choose Twin Valley Bible Academy is that through all subjects and disciplines, we teach students to think and live biblically (Eph.4:1) There is a constant battle for the mind with ideas, and it has never been more important to think biblically and establish that Biblical foundation for life.

Twin Valley Bible Academy uniquely takes a stand and is a pioneer in education, not with arms but with God's Word as the primary standard to guide our ideas and worldview. Our vision is to prepare your children, the next American Generation, to conquer the world for Christ, and that starts with a solid biblical foundation.

Scholarship Opportunities

It is our hope that all Christian families would enroll their children in a Christian School. At TVBA we strive to keep tuition low. The average cost of tuition at TVBA is under \$6,500.00 annually per student. Other area schools average over \$8,000 annually. In addition we are looking to help families cover the costs of private education through a scholarship program sponsored by Penngift and local businesses. Scholarships are awarded to applying families. Call or visit our website for more information concerning our scholarship program.

Twin Valley Bible Academy

*Our Mission is to inspire children to make
God master of their Character,
Scholarship and Worldview advancing
the kingdom of God and restoring the
Christian foundation of America.*

...since 1975

Twin Valley Bible Academy recognizes the family as the foundation on which a society is built. We join in partnership with your family to raise up your children in the way they should go (Prov.22:6) Our teachers teach students academically encouraging them to pursue Christ through God's Word by integrating the Bible into every subject to give students a solid Biblical foundation. We recognize the Bible as the standard of absolute truth that sets Christ in our children's hearts, teaching them right from wrong, and enabling them to live with eternity in mind to glorify their Creator.

The spirit of TVBA is one of learning and growing as we implement programs and classes to cultivate a Biblical Worldview in our students. The Principle Approach® is America's historic Christian method of Biblical Reasoning which makes the truth of God's Word the basis of every subject in the school curriculum showing students God's grand narrative of redemption in His living Word.

TVBA in partnership with families enable students to live as disciples of Christ prepared to serve Him wherever He may lead.

Education-The bringing up, as of a child, instruction; formation of manners. Education comprehends all that series of instruction and discipline, which is intended to enlighten the understanding, correct the temper, and form the manners and habits of youth, and fit them for usefulness in their future stations. To give children a good education in manners, arts and science is important; to give them a religious education is indispensable; and an immense responsibility rests upon parents and guardians who neglect these duties. ~ Noah Webster, 1828
